Sketch The question of making the Pass school permanent has been left over for decision after a personal inspection of the same by the Member. (Vide para 5 supra). Supdt. has raised the question of making it permanent again but has not sent a proposition statement showing cost involved etc. The asst. Supdts are proposed to put on the work during office hours and paid an allowance therefor. Whether this is desirable is for consideration.

The school may perhaps go on temporarily for another year and meanwhile the Supdt asked to submit fully clear proposals in the usual form.

No 60-19

To

C. S. Balasundaram Iyer, Esq., B. A.,

Chief Secretary to the Government of His Highness

the Maharaja of Mysore, B a n g a l o r e.

SIR,

I have the honour to state that Government in the order No: G 6091-3/G.M. 326-12-5 dated the 7th February 191 sanctioned the opening tentatively for one year a class to impart elementary instruction in composing, proof reading a printing to outside students who were desirous of learning art of printing. The school was accordingly opened on the 5 November 1915 with 19 boys attending the classes. A separat equipment for the sole use of the school consisting of a prin and a Treadle machine, types and type-cabinets and other mate were also brought and the school was located in a new wing the front quadrangle of the Press premises. Besides the aft noon classes for outside students, morning classes were als held, three days in the week, for the benefit of the employee of the Press. The progress made by the school is as follows

appeared for the examination held in November 1918 but failed to secure a pass, owing to the period of training being short and the general educational qualifications very low. But 13 Press employees for whom morning classes were held appeared for the examination; ten of them secured passes, 7 in composing, 2 in proof-reading and one in printing, all ~~of them~~ in the elementary grade.

3. In the year 1917-18, there were 13 students on the rolls in the afternoon classes. Five of these appeared for the examination of whom three passed, two being -- placed in the first class. One employee of the Branch Press at Mysore, also passed in composing (Intermediate) and proof-reading (elementary)

4. In 1918-19, there were seven students on the rolls. Five appeared for the examination and two of them secured passes, one in composing Elementary and the other in composing Intremediate and proof-reading Elementary. Out of the three employees that sat for the examination, one passed in composing Intermediate.

5. In 1919-20, five students appeared for the examination of whom two secured passes, one in proof-reading Intermediate and the other in composing Elementary

will be seen from the above that the school has done satistory work and has trained about forty outside students some whom have secured passes while the reminder have no doubt ured useful employment elsewhere. Besides, The school has been of siderable assistance to the employees of the Press and has lded gratifying results, fifteen of them having secured ses in the Technical examinations.

A scheme of scholarships ranging from Rs.7 to Rs. 3/- was also operation from 1916-17 and this held out some inducet to the outside pupils to join the school and stay on to ish a course.

from year to year and in their order No. G, 17195-7/P-W.S 30-19-2, dated 26th January, the period of its continuance has been extended only up to the end of June 1920, which therefor expires by the end of this month.

The Inspector-General of Education proposed to institute our own Technical examinations in printing and allied subjects and on my submitting proposals therefor stating that a well-organized-school for teaching the subjects consisting of instructors and foremen with duty allowances to the two Assistant Superintendents is necessary, Government have issued orders -- postponing the scheme for the present.

The Asst. Superintendents have been doing the duty of imparting instruction to the students and the employees all these years with no remuneration whatever. A recommendation was made in this office letter no:1639 dated 19th January 1916 and again in letter no:824 dated 16th October 1916 suggesting measures for placing the school on an efficient basis and also -- recommending allowances to the Asst. Superintendents but Government were not pleased to sanction the same.

Of late, the work in the press has increased and the -- Asst. Superintendents have hardly time to devote continuous - attention to the work of the school.

In these circumstances, I beg that my proposals made to the Inspector-General of Education for the re-organization of the school, a copy of which is herewith submitted, may be kindly sanctioned so that the scheme may be assured of through success.

WD 2492—GPB—1,911—9-5-18

No. 2445

OFFICE OF THE SUPERINTENDENT,
GOVERNMENT PRESS,
Dated Bangalore, 23rd June 1920.

FROM

D. B. RAMACHANDRA MUDALIAR, ESQ.,
SUPERINTENDENT, GOVERNMENT PRESS,
BANGALORE.

To

The Secretary,
Local Examinations Board,
Bangalore.

SIR,

In reply to your letter no: 1516 dated the 16th instant, I have the honor to state that a printing class is opened in the Government Press from 1st November 1915 tentatively and will continue to the end of June 1920 under exsisting orders. Instruction in compositors' work and Proof Readers work and printing only is being imparted in this class both for the employees of the Press and the outside students. Type and machinery and materials at a cost of Rs.6850 have been purchased for the use of the school. The instruction is free and of an elementary character. The class for outside students is hel from 12 noon to 3 P.M. on working days while for the Press employees lessons are given two days in the week in the mornings between 8 and 10 A.M. Admission is now limited to 20 candidates and applicants are expected to have read up to the standard of the Mysore Lower Secondary examination. No remuneration is given to the Asst. Superintendents for imparting this instruction which is done in addition to their official duties. A Foreman of the Press is however deputed to supervise the practical work of the students. Scholarships ranging from Rs.3 to Rs.7 are awarded to the students as an inducement for them to continue their studies.

As regards the information required by you for the new scheme:-

(1) The total number of students may be limited to 20. and the scholarships now in force may be continued.

(2) Hours of work to be 12 noon to 3 P.M. as at present.

(3) Cost of materials may be approximately Rs.100/- per month.

(4) Contingencies R. 10/- per month.

(5) The Asst. Superintendents will impart instruction in theory as at present. Part-time Allowance of 50/- each to the Asst. Superintendents may be recommended.

Four practical instructors are required one for composing, one for Proof Reading, one for printing and one for binding and the Foreman and Head reader of the Press under whom the students will receive their practical training may be paid an allowance of Rs. 20/- each. In addition to this part-time staff, one clerk on Rs. 25/- and an attender on Rs. 15/- are required for full-time work. A peon on Rs.8/- may also be employed.

The whole scheme will be worked part-time as the printing classes are being worked at present. When the work develops, a more complete scheme for a full time ~~scheme~~ School with a suitable staff will be proposed in due course.

Read:-

Letter No.3221 dated 19th June 1920 from the Superintendent, Government Printing requesting that his proposals made to the I.G. of Education for the reorganisation of the Press School may be sanctioned and a special allowances may be granted to the Assistant Superintendents who are doing the duty of ~~important~~ imparting instructions to the students and employees in the Press School.

2. From the report furnished in the letter read above about the progress of the Printing school Government are of opinion that the present teaching arrangements ~~is~~ are not satisfactory They also consider that the Assistant Superintendents who are already entrusted with sufficient work which will require their full time cannot attend to the teaching work in the school in addition. ~~As such giving them~~ In the circumstances the grant of an allowance as proposed by the Superintendent for work which they cannot do is objectionable

~~Order No.~~

~~Dated Bangalore, the~~

3 In these circumstances, Government consider that separate teaching arrangements are necessary; accordingly They are pleased to sanction the appointment of the marginally noted additional establishment for a period of one year in the first instance The Superintendent will submit a report

4. The extra expenditure involved will be met by reappropriation from the current year's press budget the ~~source~~ details for the same being pointed out by the Superintendent direct to the Comptroller.
